

Florida's Transit Operator Training Program

INSTRUCTOR'S COURSE IN BUS OPERATOR TRAINING (FT00429)

January 11-14, 2010

Tampa, Florida

COURSE OVERVIEW

This instructor-led course provides a standardized training program that can be used by any transit service provider to train qualified, professional bus operators. Instructors are trained in presentation and creative learning techniques, facilitation methods, and adult learning principles for teaching operators skills in vehicle operation, emergency management, and customer relations.

Upon completion of this course, instructors are qualified to train bus operators by the US Department of Transportation. All bus operators trained by these instructors will receive US Department of Transportation certificates from the FTA Office of Safety and Security Transportation Safety Institute upon receipt of a written request from the instructor and submission of the course evaluations and roster. Instructors will receive TSI course materials for vehicle operations, emergency management, and customer relations, plus road training guidelines. Included on the CD-ROM are all manuals, electronic slide set, quizzes, course evaluation form, and certificate request form, authorized by the Federal Transit Administration. Technical support is also available on request.
