

Graduate Transportation Course Offerings – Fall 2016

USF offers a variety of graduate transportation courses to support your professional development and academic advancement. The shifting national demographics, the increasing interest in transportation infrastructure, urban development and sustainability, transportation safety, and the integration of new technologies into transportation, all contribute to a growing importance of well-informed transportation professionals. There is no better time than now to update your skills and knowledge base. Convenient opportunities to attend evening classes at USF or via distance learning using internet from wherever you are (and whenever your schedule permits) are available.

** This course will be offered for distance-learning students (via internet).

In addition to these courses that specifically address transportation, there are a number of other courses covering methods and topical areas that are highly relevant transportation. Information about these courses can be found in the course catalog at: <http://www.grad.usf.edu/catalog.php>

Non Degree-Seeking Students: Non-degree seeking students need to submit a non-degree seeking enrollment application form prior to course registration. For more details, see [Non-Degree Admission](#). For questions, contact the Office of the Registrar at 813-974-2000. Those who plan to attend classes in person need to submit [immunization forms](#) through Student Health Services. No need of immunization forms if the course is completely online. If you have problems registering for CEE courses or have any questions, contact cee-grad@usf.edu or 813-974-2275.

Register for classes through OASIS <http://oasis.usf.edu/>,
