## Visionary Student Concepts for Florida's Future Corridors

CUTR Webcast • April 3, 2014

*Note: This webinar is being recorded*

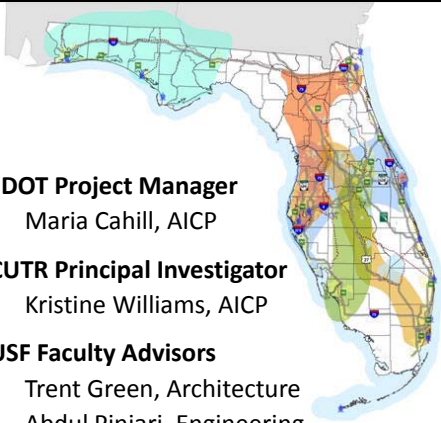

Center for Urban Transportation Research | University of South Florida

### About the Project

**FDOT sponsored project:** "Engaging Transportation Students in Florida's Future Corridors Initiative"

Three multidisciplinary student teams charged with developing visionary concepts that address:

- "What would a future corridor look like and how might it operate?"
- Range of modal alternatives, innovations, trends
- Presentations, posters, and summary brochure

**FDOT Project Manager**

- Maria Cahill, AICP

**CUTR Principal Investigator**

- Kristine Williams, AICP

**USF Faculty Advisors**

- Trent Green, Architecture
- Abdul Pinjari, Engineering
- Yu Zhang, Engineering
- Jason Bittner, CUTR
